**GROUP 3600**

Dear Sir:

This is in response to the Office Action dated July 17, 2003.

**Election Requirement:**

In the Office Action the Examiner has entered an Election Requirement between the following groups:

Group 1 – Motor vehicle latch with rotatable actuator (Claims 139 and 147);

Group 2 – Motor vehicle latch with linear actuator mechanism (Claim 140).

Claims 138 and 142-146 have been indicated to be generic.

In view of the Election Requirement the Examiner has indicated that Claim 140 is withdrawn from consideration, as the originally presented rotational embodiment of the invention has been viewed as a constructive election by Applicant. Applicant hereby affirms the election, without traverse. Should the generic claims be allowed, Applicant requests that Claim 140 be reinstated in the application.
